

Central Coast Council will consider your request and permission may be granted to sell the van and associated structures subject to the following conditions (Reviewed 12 September 2016).

The moveable dwelling (van, annexe and any other associated structures) and additions are currently located in the **LONG TERM CASUAL PRECINCT**.

Prior to any approval from Council (park owner) the moveable dwelling (van, annexe and any other associated structures) and additions shall be compliant and comply with the "Central Coast Holiday Parks Van and Associated Structures Standard".

Occupants are not to transfer the whole or part of the occupant's interest without the park owner's written permission. Any moveable dwelling sold without written Council approval will result in such being removed from the holiday park.

- **An appointment with Park Management is required prior to the purchase of any moveable dwelling (van, annexe and any other associated structures) and additions.**
- **The purchaser must approach Park Management directly with a written request to enter into an occupancy agreement under the *Holiday Parks (Long term casual Occupation) Act 2002* prior to the sale taking place. The purchaser must meet the requirements outlined in and sign the disclosure statement for Council to offer an Occupation Agreement.**
- Until such time as the Occupancy Agreement is signed and returned to the Park Management Office, the purchaser will not be permitted to occupy the moveable dwelling.
- Your Occupation Agreement will be terminated, when Park Management are in receipt of a bill of sale signed by the occupants (as written on the Occupation Agreement).
- You must make the purchaser aware that the sale is for the van, annexe and any other associated structures and additions only.
- Your account be fully finalised prior to sale.
- A copy of approval letter and disclosure statement is to be displayed on the moveable dwelling and be visible to potential purchasers.
- As is the case with your own current Occupation Agreement, Council is not obligated to provide the site indefinitely and, as such, no value should be placed upon the van occupying a particular site.
